2. Dispensing to New or Transferred-In Patients

The EDT Mobile cannot be used to dispense to new or transferred-in patients. In order to dispense to dispense to them follow the steps below:

- Complete the ART Recruitment Form
- Dispense to the patient and update the ART Recruitment Form
- At month-end send the recruitment forms for the month to the main site so that each patient is recorded on the main EDT system and assigned an ARTID
- ART Recruitment Forms will be returned from the main site after assigning the ARTID
- Follow on dispensing will be done using the EDT Mobile
